

IRISH RAISE \$60,000
HERE FOR REPUBLIC

Hibernians Lead Contributions
When Drive Starts for City's
Quota of \$150,000

MILLION IN NATION ASKED

More than \$60,000 was pledged last night by Irish sympathizers to the cause of an Irish republic when the Friends of Irish Freedom launched their campaign here for \$150,000 as Philadelphia's share in a nationwide drive for \$1,000,000. The drive started at a dinner in the Adelphi Hotel, at which several hundred persons were present.

The contributions were started by Hugh McCaffery, who donated a \$100 Victory note on behalf of his great-grandson, John H. McCaffery, six months old. Mr. McCaffery gave \$100. An equal amount was sent by Michael J. Ryan, who represents the Friends of Irish Freedom in the efforts to have the Peace Conference recognize Ireland's independence.

Hibernians Give \$20,000
Among the large donations were: Ancient Order of Hibernians, \$20,000; Ladies' Auxiliary, A. O. H., \$2500; Robert Emmett Branch, Friends of Irish Freedom, \$5000; Joseph McGarrity, \$1000; Tyrone Society, \$1000; St. James' Church, \$1000; St. Michael's Parish, \$1000; St. Francis of Assisi Parish, \$1000.

The cause of the Irish republic was presented as the cause of democracy for all the world by the Rev. Norman Thomas.

"President Wilson," the speaker said, "did not ask us for a victory of British or any other imperialism over German imperialism, but for a victory of democracy over imperialism. And we are defeated, no matter how much Germany is reduced, if, as a result of the conflict, the rights of small nations are not maintained and conscription is not ended."

Against Imperialism
"Internationalism does not mean the elimination of nationalism. As personality finds its finest expression in the family, so nationalism would be at its best in a community of nations. It is not internationalism, but imperialism, that erases out the real life of a nation. We had supposed that the fulfillment of our dream of victory would mean automatically freedom for Ireland. There is no freedom for any without freedom for all."

Former Congressman Donohoe was chairman of the meeting. He urged that a large fund be sent to Ireland, under the control of the Dual Eireann, to support the men and women who dare anything rather than submit to oppression. Subscriptions came fast as soon as he made the call.

The drive will continue for ten days.

Revised Army Lists Increase Casualties Among Philadelphians
Additional army losses reported by the War Department today contain the names of fourteen Philadelphians. Nine of this number have been previously reported and now appear among the corrections. Three of these are major casualties. First reported as having died of accident, they are today for the first time correctly listed as having been killed in battle. Their names are Privates Charles J. Kelly, 2561 East Thompson street; Joseph Ochinito, 731 Annin street; and Nicholas A. Halder, 432 Douglas street.

The five soldiers who appear in a casualty record for the first time today are Corporal Herman Gritzenman, 412 Mercy street, and Private William Plantania, 24 2202 South Juniper street, severely wounded in action, and Privates Charles Supple, 1847 Gladstone street; Narcissus Doran Gross, 328 Randall street, and Ellwood Yeast, 2063 East Somerset street, slightly wounded.

Five other men previously missing in action are today reported as having returned to duty. Their names are Bugler Peter Paul, 1211 North Lehigh street, and Privates Clarence R. Carpenter, 309 Thirty-fourth street; Frank Conn, 360 Durfor street; Stephen G. Faust, 2007 Fairmount avenue; George Hoey, 4727 Rhinehart street; and James J. McLaughlin, 1739 South Nineteenth street.

Highway Robbery Suspect Held
John Storey, who gave no address, was held without bail for court by Magistrate Baker today on suspicion of being one of three men who held up and robbed William J. Harris, of Third and Jacobson streets, several nights ago. The highwaymen took \$47 from Harris together with a watch and stick pin. A description of the men led to Storey's arrest.

72 Smoking Passengers Fined
Seventy-two shipyard workers were arrested by the police today for smoking while riding in trolley cars to Hog Island. Six of the workers paid a fine of \$7.50 each for the offense when arraigned before Magistrate Harris. The offenders were given the option of serving five days in the county prison or paying the fine.

VICTORY LOAN QUOTA DOUBLED
GERMANTOWN WOMEN'S HOPE

Mrs. W. B. Gurley, Chairman of District, Modest, While Committee Associates Jubilate Over Growing Totals

With returns still coming in that probably will swell the grand total to \$12,000,000, members of the Germantown Victory Loan committee are rejoicing because they have already nearly doubled their quota of \$6,000,000. The quota was equally divided between the men's and the women's committees. Co-operating to a greater extent even than in former loans, each committee has succeeded in almost doubling its \$3,000,000 quota.

Most any of the 900 women workers in the district would tell you their success was due to one sweet looking woman whose untiring efforts and splendid leadership have inspired them to go far "over the top" in every loan. And Mrs. W. B. Gurley, woman chairman of the district during the last three loans, would return the credit to her women workers with the emphatic statement that "it is simply magnificent; always dependable; always on the job, with original ideas, dogged determination and endless enthusiasm."

If you would insist on giving Mrs. Gurley praise, she has another way of turning the tide from personal channels.

"Any woman in the world would be happy to work her hands off, if necessary, for her own sons are in the midst of the war. I am about the happiest woman in the world with five big, stalwart sons who have served their country, all safe and sound. If I had reason to work in previous loans, remembering my own five sons and other mothers sons in dangerous service for their country and needing every cent we could obtain, think how much more I had to work for this last time. Truly it was a thanksgiving loan. Thousands of mothers must have felt just as I did—thrilled and happy that their sons had done their duty well—and were made better and stronger because of the experience."

Of Mrs. Gurley's five sons, three are still overseas, one is with the United States shipping board in Washington and one returned home recently. There are other Germantown women who have felt as Mrs. Gurley, and have worked unceasingly, confronted by the thought of their own boys in service. Through rain or shine, cold or warm days, Mrs. Sidney C. Lomas, of 504 East Johnson street, held her post at the booth in front of the Germantown Trust Building, Germantown and Chestnut avenues, spurred on by the thought of an eighteen-year-old son recently

LUNCHEON FOR THORNTON

General Thornton renounced his citizenship here, and was rewarded at the close of the war by being made a Knight of the British empire.

The committee in charge of the luncheon was composed of representatives of the General Alumni Society, University Athletic Association, Varsity Club, class of 1894, and the University council of athletics.

LOGGINGS FOR VISITORS

Householders Proffer Accommodations to Men and Nurses
Philadelphia will live up to its reputation for hospitality in looking after the comforts of the men and nurses coming here for the parade of the Iron Division on Thursday.

The welcome home committee has received scores of offers from householders who are eager to do their share toward providing quarters for the men and nurses who are coming here for the parade.

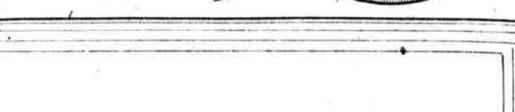

The spirit of residents is shown in a letter from Mrs. Arthur R. Smith, 5735 Commerce street, to the EVENING PUBLIC LEDGER, in which she offers to provide a bed for two soldiers who might be short of funds.

At the headquarters of the committee it was learned that ample accommodations have been obtained for the men and also for the nurses as a result of arrangements previously made.

Police Nab Thieves Here for Parade

To protect the thousands of people, and particularly the out-of-town visitors from the rural districts, who will throng the central streets of the city Thursday to watch the parade of the Iron Division, the detectives and plainclothes men of the district station houses are rounding up every recognized pickpocket and confidence man in the city. More than twenty robberies, hold-ups and attempted thefts were reported to the police over the week-end.

And Not One Broken Egg

Nothing quite so strikingly demonstrates the resilience and cushioning properties of GOODRICH DE LUXE Truck Tires as a recent 32-mile trip from New Jersey farm to New York by a motor truck carrying 800 dozen eggs.

Riding on these deep, broad-shouldered tread trucks, despite "chuck holes," reached Gotham without so much as a single egg being broken!

Such performance justifies the selection by large cartage companies of these burly cushions as the best insurance for fragile materials and valuable cargo in transit.

Because DE LUXE resilience measured with DE LUXE durability makes these tires the most economical tire investment procurable.
